

*THE SCHOOL NUTRITION
ASSOCIATION OF SOUTH CAROLINA*

Presents

*THE 2017 INDUSTRY
MEMBER OF THE YEAR*

Becki Rogers

PC Revenue Control Systems, Inc.

Becki has served on the SNASC Industry Advisory Council since 2014, most recently as the IAC Co-chair of the Executive Board, and has been a promoter of industry involvement and increasing membership. Becki has served as Region Sales Director for eight years, and was recently promoted to National Sales Director for PCS Revenue Control Systems, Inc., a nationwide provider of K-12 food and nutrition technology systems. Becki feels that with better technology SNASC members can improve the delivery of good nutrition to students at the same time as increasing efficiency and assuring the success of nutrition programs for their districts.
