

HATS AND APRONS

The School Nutrition Association of South Carolina held its 63rd Annual Meeting on October 13-15, 2016. During the conference, members are allowed to showcase their artistic talents by entering items into the Apron and Hat Contests.

This year first place in the Apron Contest went to Christine Mingo from Darlington School District.

First place in the Hat Contest was awarded to Ginger Shoemaker, also from Darlington School District, for her entry entitled “Farming for Kids Around the World.” Congratulations to each of this year’s winners.

We appreciate all those members who participated in these contests, and we would encourage other members to display your artistic talents next year!
