

Students took part in a taste testing event for the South Carolina Purchasing Alliance on November 1<sup>st</sup> and 2<sup>nd</sup> in Horry County. Students tested breakfast pizza, stuffed crust pizza and Mexican pizzas. Ocean Bay Middle School and the Academy of Arts, Science and Technology cooked and served the students several varieties of pizza in 3 different categories. Appearance, taste, aroma, texture and overall acceptability were scored for each sample tested. The students had a great experience and were very respectful of the process. Pictured below are Ocean Bay Middle school students tasting and evaluating the pizza samples.
